Prudent Buyer®
This Combined Evidence of Coverage and Disclosure (Evidence of Coverage) Form is a summary of the important terms of your health plan. The health plan contract must be consulted to determine the exact terms and conditions of coverage. If you have special health care needs, you should read those sections of the Evidence of Coverage that apply to those needs. Your employer will provide you with a copy of the health plan contract upon request.

NOTICE TO MEMBERS ABOUT HOW PLAN BENEFITS ARE PROVIDED

Under the Minimum Premium Funding arrangement elected by the group for your plan benefits, the group is liable for payment of a portion of the plan benefits described in this booklet. The portion of the benefits which the group is responsible to provide are not covered by Anthem.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

Participating Providers in California. We have established a network of various types of "Participating Providers". These providers are called "participating" because they have agreed to participate in our preferred provider organization program (PPO), which we call the Prudent Buyer Plan. Participating providers have agreed to a rate they will accept as reimbursement for covered services. The amount of benefits payable under this plan will be different for non-participating providers than for participating providers. See the definition of "Participating Providers" in the DEFINITIONS section for a complete list of the types of providers which may be participating providers.

We publish a directory of Participating Providers. You can get a directory from your plan administrator (usually your employer) or from us. The directory lists all participating providers in your area, including health care facilities such as hospitals and skilled nursing facilities, physicians, laboratories, and diagnostic x-ray and imaging providers. You may call us at the member services number listed on your ID card or you may write to us and ask us to send you a directory. You may also search for a participating provider using the "Provider Finder" function on our website at www.anthem.com/ca. The listings include the credentials of our participating providers such as specialty designations and board certification.

If you need details about a provider's license or training, or help choosing a physician who is right for you, call the member services number on the back of your ID card.

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care physicians and specialty care providers. To see a primary care physician, simply visit any participating provider physician who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any participating provider specialty care provider you choose (certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see "Physician," below). Referrals are never needed to visit any participating provider specialty care provider including a behavioral health care provider.
To make an appointment call your physician’s office:

• Tell them you are a Prudent Buyer Plan member.

• Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.

• Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your physician who may have a variety of ways of addressing your needs. Call your physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency Care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.

Participating Providers Outside of California

The Blue Cross and Blue Shield Association, of which we are a member, has a program (called the “BlueCard Program”) which allows our insured persons to have the reciprocal use of participating providers contracted under other states’ Blue Cross and/or Blue Shield Licensees (the Blue Cross and/or Blue Shield Plan).

If you are outside of our California service areas, please call the toll-free BlueCard Provider Access number on your ID card to find a participating provider in the area you are in. A directory of PPO Providers for outside of California is available. You can get a directory from your plan administrator (usually your employer).

Non-Participating Providers. Non-participating providers are providers which have not agreed to participate in our Prudent Buyer Plan network or the Blue Cross and/or Blue Shield Plan. They have not agreed to the reimbursement rates and other provisions of a Prudent Buyer Plan contract nor the Blue Cross and/or Blue Shield Plan. Benefits are provided for them under the plan only if you have an authorized referral, for an emergency or for urgent care.
Anthem Blue Cross has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from non-participating providers could be balance billed by the non-participating provider for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider’s failure to submit medical records with the claims that are under review in these processes.

Physicians. “Physician” means more than an M.D. Certain other practitioners are included in this term as it is used throughout the plan. This doesn’t mean they can provide every service that a medical doctor could; it just means that we’ll cover expense you incur from them when they’re practicing within their specialty the same as we would if the care were provided by a medical doctor. As with the other terms, be sure to read the definition of “Physician” to determine which providers’ services are covered. Only providers listed in the definition are covered as physicians. Please note also that certain providers’ services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of “physician” by an asterisk (*).

Other Health Care Providers. “Other Health Care Providers” are neither physicians nor hospitals. They are mostly free-standing facilities or service organizations, such as ambulance companies. See the definition of “Other Health Care Providers” in the definitions section for a complete list of those providers. Other health care providers are not part of our Prudent Buyer Plan provider network nor the Blue Cross and/or Blue Shield Plan.

Reproductive Health Care Services. Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective physician or clinic, or call us at the member services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Participating and Non-Participating Pharmacies. “Participating Pharmacies” agree to charge only the prescription drug maximum allowed amount to fill the prescription. You pay only your co-payment amount.
“Non-Participating Pharmacies” have not agreed to the prescription drug maximum allowed amount. The amount that will be covered as prescription drug covered expense is significantly lower than what these providers customarily charge.

Centers of Medical Excellence. We are providing access to the following separate Centers of Medical Excellence (CME) networks. The facilities included in each of these CME networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, CME have agreed to a rate they will accept as payment in full for covered services. These procedures are covered only when performed at a CME.

- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. These procedures are covered only when performed at a CME.

A participating provider in the Prudent Buyer Plan network is not necessarily a CME facility.

Care Outside the United States—BlueCard Worldwide

Prior to travel outside the United States, call the member services telephone number listed on your ID card to find out if your plan has BlueCard Worldwide benefits. Your coverage outside the United States is limited and we recommend:

- Before you leave home, call the member services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with urgent care or an emergency when travelling outside the United States.**

- Always carry your current ID card.

- In an emergency, seek medical treatment immediately.

- **The BlueCard Worldwide Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177.** An assistance coordinator, along with a medical professional, will arrange a physician appointment or hospitalization, if needed.
Payment Information

- **Participating BlueCard Worldwide hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating BlueCard Worldwide hospitals except for the out-of-pocket costs you normally pay (noncovered services, deductible, copays, and coinsurance). The hospital should submit your claim on your behalf.

- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a physician, and inpatient care from a hospital that is not a participating BlueCard Worldwide hospital. Then you can complete a BlueCard Worldwide claim form and send it with the original bill(s) to the BlueCard Worldwide Service Center (the address is on the form).

Claim Filing

- **Participating BlueCard Worldwide hospitals will file your claim on your behalf.** You will have to pay the hospital for the out-of-pocket costs you normally pay.

- **You must file the claim** for outpatient and physician care, or inpatient hospital care not provided by a participating BlueCard Worldwide hospital. You will need to pay the health care provider and subsequently send an international claim form with the original bills to us.

Additional Information About BlueCard Worldwide Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.

- Exchange rates are determined as follows:
  - For inpatient hospital care, the rate is based on the date of admission.
  - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from us, from the BlueCard Worldwide Service Center, or online at:
  - [www.bcbs.com/bluecardworldwide](http://www.bcbs.com/bluecardworldwide)

  The address for submitting claims is on the form.
HOW COVERAGE BEGINS AND ENDS

HOW COVERAGE BEGINS

ELIGIBLE STATUS

1. **Subscribers.** Eligibility is based on the group’s determination that employees meet basic service and hourly requirements. In addition, eligibility may be based on employment agreements with specified employees where coverage may be offered by applying alternative service and/or hourly requirements.

2. **Family Members.** The following are eligible to enroll as family members: (a) Either the subscriber’s spouse or domestic partner; and (b) A child.

**Definition of Family Member**

1. **Spouse** is the subscriber’s spouse under a legally valid marriage. Spouse does not include any person who is in active service in the armed forces. A person may be covered as both a subscriber and a family member, if eligible as both. However, the total amount of benefits we would then pay shall not exceed the maximum allowed amount.

2. **Domestic partner** is the subscriber's domestic partner under a legally registered and valid domestic partnership. Domestic partner does not include any person who is in active service in the armed forces. A person may be covered as both a subscriber and a family member, if eligible as both. However, the total amount of benefits we would then pay shall not exceed the maximum allowed amount.

3. **Child** is the subscriber’s, spouse’s or domestic partner’s natural child, stepchild, legally adopted child or a child for whom the subscriber, spouse, or domestic partner has been appointed legal guardian by a court of law, subject to the following:
   
   a. The child is under 26 years of age.
   
   b. The unmarried child is 26 years of age or older and: (i) was covered under the prior plan, was covered as a family member of the subscriber under another plan or health insurer, or has six or more months of other creditable coverage, (ii) is chiefly dependent on the subscriber, spouse or domestic partner for support and maintenance, and (iii) is incapable of self-sustaining employment due to a physical or mental condition. A physician must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. We must
receive the certification, at no expense to us, within 60-days of the date the subscriber receives our request. We may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the subscriber, spouse or domestic partner for support and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

c. A child who is in the process of being adopted is considered a legally adopted child if we receive legal evidence of both: (i) the intent to adopt; and (ii) that the subscriber, spouse or domestic partner have either: (a) the right to control the health care of the child; or (b) assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child’s adoption.

Legal evidence to control the health care of the child means a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or relinquishment form, signed by the child’s birth parent, or other appropriate authority, or in the absence of a written document, other evidence of the subscriber’s, the spouse’s or domestic partner’s right to control the health care of the child.

d. A child for whom the subscriber, spouse or domestic partner is a legal guardian is considered eligible on the date of the court decree (the “eligibility date”). We must receive legal evidence of the decree.

e. If both parents are covered as subscribers, their children may be covered as the family members of both. However, the total amount of benefits we would then pay shall not exceed the maximum allowed amount.

ELIGIBILITY DATE

1. **For Subscribers:** You become eligible for coverage in accordance with rules established by your employer. For specific information about your employer’s eligibility rules for coverage, please contact your Human Resources or Benefits Department.

2. **For Family Members:** You become eligible for coverage on the later of: (a) the date the subscriber becomes eligible for coverage; or, (b) the date you meet the family member definition.
If, after you become covered under this plan, you cease to be eligible due to termination of employment, and you return to an eligible status based on your employer’s eligibility rules, you will become eligible to re-enroll for coverage on the first day of the month following the date you return.

REFER TO EMPLOYER HANDBOOK FOR ELIGIBILITY REQUIREMENTS.

ENROLLMENT

To enroll as a subscriber, or to enroll family members, the subscriber must properly file an application. An application is considered properly filed, only if it is personally signed, dated, and given to the group within 31 days from your eligibility date. We must receive this application from the group within 90 days. If any of these steps are not followed, your coverage may be denied.

EFFECTIVE DATE

Your effective date of coverage is subject to the timely payment of subscription charges on your behalf. The date you become covered is determined as follows:

1. **Timely Enrollment:** If you enroll for coverage before, on, or within 31 days after your eligibility date, then your coverage will begin as follows: (a) for subscribers, on your eligibility date; and (b) for family members, on the later of (i) the date the subscriber’s coverage begins, or (ii) the first day of the month after the family member becomes eligible. If you become eligible before the agreement takes effect, coverage begins on the effective date of the agreement, provided the enrollment application is on time and in order.

2. **Late Enrollment.** If you fail to enroll within 31 days after your eligibility date, you must wait until the group’s next Open Enrollment Period to enroll.

3. **Disenrollment:** If you voluntarily choose to disenroll from coverage under this plan, you will be eligible to reapply for coverage as set forth in the “Enrollment” provision above, during the group’s next Open Enrollment period (see OPEN ENROLLMENT PERIOD).

For late enrollees and disenrollees: You may enroll earlier than the group’s next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.
REFER TO EMPLOYER HANDBOOK FOR ELIGIBILITY REQUIREMENTS.

**Important Note for Newborn and Newly-Adopted Children.** If the subscriber (or spouse or domestic partner, if the spouse or domestic partner is enrolled) is already covered: (1) any child born to the subscriber, spouse or domestic partner will be enrolled from the moment of birth; and (2) any child being adopted by the subscriber, spouse or domestic partner will be enrolled from the date on which either: (a) the adoptive child’s birth parent, or other appropriate legal authority, signs a written document granting the subscriber, spouse or domestic partner the right to control the health care of the child (in the absence of a written document, other evidence of the subscriber’s, spouse’s or domestic partner’s right to control the health care of the child may be used); or (b) the subscriber, spouse or domestic partner assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child’s adoption. The written document referred to above includes, but is not limited to, a health facility minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 31 days. For the child’s enrollment to continue beyond this 31-day period, the subscriber must submit a membership change form to the group within the 31-day period. We must then receive the form from the group within 90 days.

**Special Enrollment Periods**

You may enroll without waiting for the group’s next open enrollment period if you are otherwise eligible under any one of the circumstances set forth below:

1. You have met all of the following requirements:
   a. You were covered as an individual or dependent under either:
      i. Another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation; or
      ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
   b. Your coverage under the other health plan wherein you were covered as an individual or dependent ended as follows:
i. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA or CalCOBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated. You must properly file an application with the group within 31 days after the date your coverage ends or the date employer contributions toward coverage under the other plan terminate.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the plan, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.

ii. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with the group within 60 days after the date your coverage ended.

2. A court has ordered coverage be provided for a spouse, domestic partner or dependent child under your employee health plan and an application is filed within 31 days from the date the court order is issued.

3. You have a change in family status through either marriage or domestic partnership, or the birth, adoption, or placement for adoption of a child:

   a. If you are enrolling following marriage or domestic partnership, you and your new spouse or domestic partner must enroll within 31 days of the date of marriage or domestic partnership. Your new spouse or domestic partner’s children may also enroll at that time.

   b. If you are enrolling following the birth, adoption, or placement for adoption of a child, your spouse (if you are already married) or domestic partner or other dependents, who is eligible but not enrolled, may also enroll at that time. Application must be made
within 31 days of the birth or date of adoption or placement for adoption.

4. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan.

5. You become eligible for assistance, with respect to the cost of coverage under the employer’s group plan, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with the group within 60 days after the date you are determined to be eligible for this assistance.

6. You are an employee who is a reservist as defined by state or federal law, who terminated coverage as a result of being ordered to military service as defined under state or federal law, and apply for reinstatement of coverage following reemployment with your employer. Your coverage will be reinstated without any waiting period. The coverage of any dependents whose coverage was also terminated will also be reinstated. For dependents, this applies only to dependents who were covered under the plan and whose coverage terminated when the employee’s coverage terminated. Other dependents who were not covered may not enroll at this time unless they qualify under another of the circumstances listed above.

**Effective date of coverage.** For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application, except as specified below:

1. If a court has ordered that coverage be provided for a dependent child, coverage will become effective for that child on the earlier of (a) the first day of the month following the date you file the enrollment application or (b) within 30 days after we receive a copy of the court order or of a request from the district attorney, either parent or the person having custody of the child, the employer, or the group administrator.

2. For enrollments following the birth, adoption, or placement for adoption of a child, coverage will be effective as of the date of birth, adoption, or placement for adoption.

3. For reservists and their dependents applying for reinstatement of coverage following reemployment with the employer, coverage will be effective as of the date of reemployment.
REFER TO EMPLOYER HANDBOOK FOR ELIGIBILITY REQUIREMENTS.

OPEN ENROLLMENT PERIOD

The group has an open enrollment period once each year during the fall. During that time, an individual who meets the eligibility requirements as a subscriber under this plan may enroll. A subscriber may also enroll any eligible family members at that time. Persons eligible to enroll as family members may enroll only under the subscriber’s plan.

For anyone so enrolling, coverage under this plan will begin on the first day January following the end of the Open Enrollment Period. Coverage under the former plan ends when coverage under this plan begins.

HOW COVERAGE ENDS

Your coverage ends without notice from us as provided below:

1. If the agreement terminates, your coverage ends at the same time. This agreement may be canceled or changed without notice to you.

2. If the group no longer provides coverage for the class of members to which you belong, your coverage ends on the effective date of that change. If this agreement is amended to delete coverage for family members, a family member’s coverage ends on the effective date of that change.

3. Coverage for family members ends when subscriber’s coverage ends.

4. Coverage ends at the end of the period for which subscription charges have been paid to us on your behalf when the required subscription charges for the next period are not paid.

5. If you voluntarily cancel coverage at any time, coverage ends on the subscription charge due date coinciding with or following the date of voluntary cancellation, as provided by written notice to us.

6. If you no longer meet the requirements set forth in the "Eligible Status" provision of HOW COVERAGE BEGINS, your coverage ends as of the subscription charge due date coinciding with or following the date you cease to meet such requirements.

Exceptions to item 6:

a. Leave of Absence. If you are a subscriber and the group pays subscription charges to us on your behalf, your coverage may continue during a temporary leave of absence approved by the group. This time period may be extended if required by law.
b. **Handicapped Children:** If a child reaches the age limit shown in the "Eligible Status" provision of this section, the child will continue to qualify as a family member if he or she is (i) covered under this plan, (ii) chiefly dependent on the subscriber, spouse or domestic partner for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A physician must certify in writing that the child has a physical or mental condition that makes the child incapable of obtaining self-sustaining employment. We will notify the subscriber that the child's coverage will end when the child reaches the plan's upper age limit at least 90 days prior to the date the child reaches that age. The subscriber must send proof of the child's physical or mental condition within 60 days of the date the subscriber receives our request. If we do not complete our determination of the child's continuing eligibility by the date the child reaches the plan's upper age limit, the child will remain covered pending our determination. When a period of two years has passed, we may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the child is no longer chiefly dependent on the subscriber, spouse or domestic partner for support and maintenance or a physical or mental condition no longer exists. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

**Note:** If a marriage or domestic partnership terminates, the subscriber must give or send to the group written notice of the termination. Coverage for a former spouse or domestic partners, and their dependent children, if any, ends according to the "Eligible Status" provisions. If Anthem suffers a loss because of the subscriber failing to notify the group of the termination of their marriage or domestic partnership, Anthem may seek recovery from the subscriber for any actual loss resulting thereby. Failure to provide written notice to the group will not delay or prevent termination of the marriage or domestic partnership. If the subscriber notifies the group in writing to cancel coverage for a former spouse or domestic partner and the children of the spouse or domestic partner, if any, immediately upon termination of the subscriber's marriage or domestic partnership, such notice will be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, CALCOBRA CONTINUATION OF COVERAGE and EXTENSION OF BENEFITS.

**Unfair Termination of Coverage.** If you believe that your coverage has been or will be improperly terminated, you may file a grievance with us in
accordance with the procedures described in the section entitled GRIEVANCE PROCEDURES. You should file your grievance as soon as possible after you receive notice that your coverage will end. You may also request a review of the matter by the Director of the Department of Managed Health Care. If your coverage is still in effect when you submit a grievance, we will continue to provide coverage to you under the terms of this plan until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care (this does not apply if your coverage is cancelled for non-payment of subscription charges). If your coverage is maintained in force pending outcome of the review, subscription charges must still be paid to us on your behalf.
SUMMARY OF BENEFITS

YOUR EMPLOYER HAS AGREED TO BE SUBJECT TO THE TERMS AND CONDITIONS OF ANTHEM'S PROVIDER AGREEMENTS WHICH MAY INCLUDE PRECERTIFICATION AND UTILIZATION MANAGEMENT REQUIREMENTS, TIMELY FILING LIMITS, AND OTHER REQUIREMENTS TO ADMINISTER THE BENEFITS UNDER THIS PLAN.

BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT WE DETERMINE TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS A SERVICE DOES NOT, IN ITSELF, MEAN THAT THE SERVICE IS MEDICALLY NECESSARY OR THAT THE SERVICE IS COVERED UNDER THIS PLAN. CONSULT THIS BOOKLET OR TELEPHONE US AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You need to refer to the entire Combined Evidence of Coverage and Disclosure (Evidence of Coverage) Form for more complete information, and you must consult your employer's health plan contract with us to determine the exact terms and conditions of your coverage.

Mental Health Parity and Addiction Equity Act. The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of nonquantitative treatment limitations (NQTL).
An example of a nonquantitative treatment limitation is a precertification requirement.

Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to other medical and surgical benefits.

Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

**Second Opinions.** If you have a question about your condition or about a plan of treatment which your physician has recommended, you may receive a second medical opinion from another physician. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this plan. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a participating provider. You may also ask your physician to refer you to a participating provider to receive a second opinion.

**Triage or Screening Services.** If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of your health by a physician or a nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the 24/7 NurseLine at the telephone number listed on your identification card 24 hours a day, 7 days a week.

**After Hours Care.** After hours care is provided by your physician who may have a variety of ways of addressing your needs. You should call your physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.

**Telehealth.** This plan provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the plan. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. "Telehealth" is the means of providing health care services using information and

RT175104-3 2018 23
communication technologies in the consultation, diagnosis, treatment, education, and management of the patient's health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this plan are subject to the REIMBURSEMENT FOR ACTS OF THIRD PARTIES section.

PRESCRIPTION DRUG BENEFITS

PRESCRIPTION DRUG CO-PAYMENTS. The following co-payments apply for each prescription:

Note: For FDA-approved, self-administered hormonal contraceptives, up to a 12-month supply is covered when dispensed or furnished at one time by a provider or pharmacist, or at a location licensed or otherwise authorized to dispense drugs or supplies.

Retail Pharmacies: The following co-payments apply for a 30-day supply of medication. If you receive more than 30-day supply of medication at a retail pharmacy, you will have to pay the applicable copay shown below for each additional 30-day supply of medication you receive.

Participating Pharmacies
- Generic Drugs: $15
- Brand Name Drugs:
  - Formulary drugs: $45
  - Non-formulary drugs: $75
- Compound medications: $75

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a prescription to a participating pharmacy, and the participating pharmacy indicates your prescription cannot be filled, your deductible, if any, needs to be satisfied, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the prescription filled, you will have to pay either the full cost, or the additional Co-Payment, for the prescription drug. If you believe you are entitled to some plan benefits in connection with the prescription drug, submit a claim for reimbursement to pharmacy benefits manager.

Non-Participating Pharmacies: 50% of the prescription drug maximum allowed amount
Home Delivery Prescriptions: The following co-payments apply for a 90-day supply of medication.

- **Generic Drugs**: ................................................................. $30
- **Brand Name Drugs:**
  - Formulary drugs ............................................................... $90
  - Non-formulary drugs .......................................................... $150

**Exception to Prescription Drug Co-payments**

- “Preventive Prescription Drugs and Other Items” covered under YOUR PRESCRIPTION DRUG BENEFITS ................................................................. No charge

In addition, the copayment for orally administered anti-cancer medications will not exceed the lesser of any applicable copayment listed above or:

- For a 30-day supply from a retail pharmacy ......................... $200
- For a 90-day supply through home delivery ........................... $600

Your copayment for all other drugs covered under this plan will not exceed the lesser of any applicable copayment listed above or:

- For a 30-day supply from a retail pharmacy .............................. $250
- For a 90-day supply through home delivery .............................. $750

*Important Note About Prescription Drug Covered Expense and Your Co-Payment: Prescription drug covered expense for non-participating pharmacies is significantly lower than what providers customarily charge, so you will almost always have a higher out-of-pocket expense when you use a non-participating pharmacy.

YOU WILL BE REQUIRED TO PAY YOUR CO-PAYMENT AMOUNT TO THE PARTICIPATING PHARMACY AT THE TIME YOUR PRESCRIPTION IS FILLED.

Note: If your pharmacy’s retail price for a drug is less than the copayment shown above, you will not be required to pay more than that retail price.
Preferred Generic Program

Prescription drugs will always be dispensed by a pharmacist as prescribed by your physician. Your physician may order a drug in a higher or lower drug co-payment tier for you. You may request your physician to prescribe a drug in a higher drug co-payment tier instead of a drug in a lower co-payment tier or you may request the pharmacist to give you a drug in a higher copay tier instead of a drug in a lower copay tier. Under this plan, if a drug is available in a lower co-payment drug tier, and it is not determined that a drug in a higher co-payment drug tier is medically necessary for you to have (see PRESCRIPTION DRUG FORMULARY: PRIOR AUTHORIZATION below), you will have to pay the co-payment for the lower tier drug plus the difference in cost between the prescription drug maximum allowed amount for the lower co-payment drug tier and the higher co-payment drug tier, but, not more than 50% of our average cost for the tier that the drug is in. If your physician specifies "dispense as written," in lieu of paying the co-payment for the lower tier drug plus the difference, as previously stated, you will pay just the applicable co-payment shown for the higher tier drug you get.

Special Programs

From time to time, we may initiate various programs to encourage you to utilize more cost-effective or clinically-effective drugs including, but, not limited to, generic drugs, home delivery drugs, over-the-counter drugs or preferred drug products. Such programs may involve reducing or waiving co-payments for those generic drugs, over-the-counter drugs, or the preferred drug products for a limited time. If we initiate such a program, and we determine that you are taking a drug for a medical condition affected by the program, you will be notified in writing of the program and how to participate in it.

Half-tab Program

The Half-Tablet Program allows you to pay a reduced co-payment on selected "once daily dosage" medications. The Half-Tablet Program allows you to obtain a 30-day supply (15 tablets) of a higher strength version of your medication when the prescription is written by the physician to take “½ tablet daily” of those medications on an list approved by us. The Pharmacy and Therapeutics Process will determine additions and deletions to the approved list. The Half-Tablet Program is strictly voluntary and your decision to participate should follow consultation with and the concurrence of your physician. To obtain a list of the products available on this program call 1-800-700-2541 (or TTY/TDD 1-800-905-9821) or go to our internet website www.anthem.com/ca.
Split Fill Dispensing Program

The split fill program is designed to prevent and/or minimize wasted prescription drugs if your prescription or dose changes between fills, by allowing only a portion of your prescription to be obtained through the specialty pharmacy program. This program also saves you out-of-pocket expenses.

The drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. This program allows you to get your prescription drug in a smaller quantity and at a prorated copay so that if your dose changes or you have to stop taking the prescription drug, you can save money by avoiding costs for prescription drugs you may not use. You can access the list of these prescription drugs by calling the toll-free number on your member ID card or log on to the website at www.anthem.com.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your physicians about alternatives to certain prescription drugs. We may contact you and your physician to make you aware of these choices. Only you and your physician can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic drug substitutes, please call the toll-free number on your member ID card.

Day Supply and Refill Limits

Certain day supply limits apply to prescription drugs as listed in the “PRESCRIPTION DRUG COPAYMENTS” and “PRESCRIPTION DRUG CONDITIONS OF SERVICE” sections of this plan. In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your prescription early if it is decided that you need a larger dose. We will work with the pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call the pharmacy benefits manager and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.
YOUR MEDICAL BENEFITS
MAXIMUM ALLOWED AMOUNT

General

This section describes the term “maximum allowed amount” as used in this Combined Evidence of Coverage and Disclosure Form, and what the term means to you when obtaining covered services under this plan. The maximum allowed amount is the total reimbursement payable under your plan for covered services you receive from participating and non-participating providers. It is our payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire maximum allowed amount. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire maximum allowed amount for covered services. In addition, if these services are received from a non-participating provider, you may be billed by the provider for the difference between their charges and our maximum allowed amount. In many situations, this difference could be significant. If you receive services from a participating hospital or facility at which, or as a result of which, you receive non-emergency covered services provided by a non-participating provider, you will pay the non-participating provider no more than the same cost sharing that you would pay for the same covered services received from a participating provider. Please see “Member Cost Share” below for more information.

We have provided two examples below, which illustrate how the maximum allowed amount works. These examples are for illustration purposes only.

Example: The plan has a member Co-Payment of 30% for participating provider services after the Deductible has been met.

- The member receives services from a participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Payment responsibility when a participating surgeon is used is 30% of $1,000, or $300. This is what the member pays. We pay 70% of $1,000, or $700. The participating surgeon accepts the total of $1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a member Co-Payment of 50% for non-participating provider services after the Deductible has been met.

- The member receives services from a non-participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Payment responsibility
when a non-participating surgeon is used is 50% of $1,000, or $500. We pay the remaining 50% of $1,000, or $500. In addition, the non-participating surgeon could bill the member the difference between $2,000 and $1,000. So the member’s total out-of-pocket charge would be $500 plus an additional $1,000, for a total of $1,500.

When you receive covered services, we will, to the extent applicable, apply claim processing rules to the claim submitted. We use these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the maximum allowed amount if we determine that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the maximum allowed amount will be based on the single procedure code.

Provider Network Status

The maximum allowed amount may vary depending upon whether the provider is a participating provider, a non-participating provider or other health care provider.

Participating Providers and CME. For covered services performed by a participating provider or CME the maximum allowed amount for this plan will be the rate the participating provider or CME has agreed with us to accept as reimbursement for the covered services. Because participating providers have agreed to accept the maximum allowed amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the maximum allowed amount. However, you may receive a bill or be asked to pay all or a portion of the maximum allowed amount to the extent you have not met your Deductible or have a Co-Payment. Please call the member services telephone number on your ID card for help in finding a participating provider or visit www.anthem.com/ca.

If you go to a hospital which is a participating provider, you should not assume all providers in that hospital are also participating providers. To receive the greater benefits afforded when covered services are provided by a participating provider, you should request that all your provider services (such as services by an anesthesiologist) be performed by participating providers whenever you enter a hospital.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an ambulatory surgical center. An ambulatory surgical center is licensed as a separate
facility even though it may be located on the same grounds as a hospital (although this is not always the case). If the center is licensed separately, you should find out if the facility is a participating provider before undergoing the surgery.

**Note:** If an other health care provider is participating in a Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a participating provider for the purposes of determining the maximum allowed amount.

If a provider defined in this certificate as a participating provider is of a type not represented in the local Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a non-participating provider for the purposes of determining the maximum allowed amount.

**Non-Participating Providers and Other Health Care Providers.**

Providers who are not in our Prudent Buyer network are non-participating providers or other health care providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a non-participating provider or other health care provider the maximum allowed amount will be based on the applicable Anthem Blue Cross non-participating provider rate or fee schedule for this plan, an amount negotiated by us or a third party vendor which has been agreed to by the non-participating provider, an amount derived from the total charges billed by the non-participating provider, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the maximum allowed amount upon the level or method of reimbursement used by CMS, Anthem Blue Cross will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered non-participating providers. For this plan, the maximum allowed amount for services from these providers will be one of the methods shown above unless the provider’s contract specifies a different amount.

For covered services rendered outside the Anthem Blue Cross service area by non-participating providers, claims may be priced using the local Blue Cross Blue Shield plan’s non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the maximum allowed amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare
services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike participating providers, non-participating providers and other health care providers may send you a bill and collect for the amount of the non-participating provider’s or other health care provider’s charge that exceeds our maximum allowed amount under this plan. You may be responsible for paying the difference between the maximum allowed amount and the amount the non-participating provider or other health care provider charges. This amount can be significant. Choosing a participating provider will likely result in lower out of pocket costs to you. Please call the member services number on your ID card for help in finding a participating provider or visit our website at www.anthem.com/ca. Member services is also available to assist you in determining this plan’s maximum allowed amount for a particular covered service from a non-participating provider or other health care provider.

Please see the “Inter-Plan Arrangements” section in the Part entitled “GENERAL PROVISIONS” for additional information.

*Exceptions:

- **Emergency Services Provided by Non-Participating Providers**

  For emergency services provided by non-participating providers or at non-contracting hospitals, reimbursement is based on the reasonable and customary value. You will not be responsible for any amounts in excess of the reasonable and customary value for emergency services rendered within California.

- **Emergency Ambulance Services Provided by Non-Participating Providers.** For emergency ambulance services received from non-participating providers outside of California, the plan’s payment is based on the maximum allowed amount. Non-participating providers (both inside and outside of California) may also bill you for any charges over the plan’s reasonable and customary value or maximum allowed amount, respectively.

- **Clinical Trials.** The maximum allowed amount for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a participating provider.

- **If Medicare is the primary payor, the maximum allowed amount does not include any charge:**

  1. By a hospital, in excess of the approved amount as determined by Medicare; or
2. By a physician who is a participating provider who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or

3. By a physician who is a non-participating provider or other health care provider who accepts Medicare assignment, in excess of the lesser of maximum allowed amount stated above, or the approved amount as determined by Medicare; or

4. By a physician or other health care provider who does not accept Medicare assignment, in excess of the lesser of the maximum allowed amount stated above, or the limiting charge as determined by Medicare.

Member Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the maximum allowed amount as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a participating provider or non-participating provider. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using non-participating providers. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the Member Services telephone number on your ID card to learn how this plan’s benefits or cost share amount may vary by the type of provider you use.

Anthem Blue Cross will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a participating provider or non-participating provider. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower participating provider cost share percentage when you use a non-participating provider. For example, if you receive covered non-emergency services at a participating hospital or facility at which, or as a result of which, you receive covered services provided by a non-participating provider such as a radiologist, anesthesiologist or pathologist, you will pay the participating provider cost share percentage of the maximum allowed amount for those covered services, and you will not be liable for the difference between the maximum allowed amount and the non-participating provider’s charge. Such participating provider cost share
percentage will apply to the participating provider deductible (if any) and the participating provider out-of-pocket amount. This paragraph does not apply, however, if the non-participating provider has your written consent, satisfying the following criteria:

(1) At least 24 hours in advance of care, you consent in writing to receive services from the identified non-participating provider.

(2) The consent shall be obtained by the non-participating provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when the member is being prepared for surgery or any other procedure.

(3) At the time consent is provided the non-participating provider shall give you a written estimate of your total out-of-pocket cost of care. The written estimate shall be based on the professional's billed charges for the service to be provided. The non-participating provider shall not attempt to collect more than the estimated amount without receiving separate written consent from you or your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate.

(4) The consent shall advise you that you may elect to seek care from a participating provider or may contact Anthem in order to arrange to receive the health service from a participating provider for lower out-of-pocket costs.

(5) The consent and estimate shall be provided to you in the language spoken by you, if the language is a Medi-Cal threshold language, as defined in state law (subdivision (d) of Section 128552 of the Health and Safety Code).

(6) The consent shall also advise you that any costs incurred as a result of your use of the non-participating provider benefit shall be in addition to participating provider cost-sharing amounts and may not count toward the annual out-of-pocket maximum for participating provider benefits or a deductible, if any, for participating provider benefits.

We and/or our designated pharmacy benefits manager may receive discounts, rebates, or other funds from drug manufacturers, wholesalers, distributors and/or similar vendors which may be related to certain prescription drug purchases under this plan and which positively impact
the cost effectiveness of covered services. These amounts are retained by us. These amounts will not be applied to your deductible, if any, or taken into account in determining your co-payment or co-insurance.

**Authorized Referrals**

In some circumstances we may authorize participating provider cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a non-participating provider. In such circumstance, you or your physician must contact us in advance of obtaining the covered service. It is your responsibility to ensure that we have been contacted. If we authorize a participating provider cost share amount to apply to a covered service received from a non-participating provider, you also may still be liable for the difference between the maximum allowed amount and the non-participating provider's charge. In certain situations, however, if you receive non-emergency covered services at a participating hospital or facility at which, or as a result of which, you receive services from a non-participating provider, you will pay no more than the cost sharing that you would pay for the same covered services received from a participating provider. Please see “Member Cost Share” in the YOUR MEDICAL BENEFITS section for more information. If you receive prior authorization for a non-participating provider due to network adequacy issues, you will not be responsible for the difference between the non-participating provider's charge and the maximum allowed amount. Please call the Member Services telephone number on your ID card for authorized referral information or to request authorization.

**DEDUCTIBLES, CO-PAYMENTS AND MEDICAL BENEFIT MAXIMUMS**

After we subtract any applicable deductible and your Co-Payment, we will pay benefits up to the maximum allowed amount, (or the reasonable and customary value for emergency services provided by a non-participating provider), not to exceed any applicable Medical Benefit Maximum. The Deductible amounts, Co-Payments, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

**DEDUCTIBLES**

Each deductible under this plan is separate and distinct from the other. Only the covered charges that make up the maximum allowed amount (or the reasonable and customary value for emergency services provided by a non-participating provider) will apply toward the satisfaction of any deductible except as specifically indicated in this booklet.
Emergency Room Deductible

Each time you visit an emergency room for treatment you will be responsible for paying the Emergency Room Deductible. But this deductible will not apply if you are admitted as a hospital inpatient from the emergency room immediately following emergency room treatment.

Inpatient Deductible

Each time you are admitted to a hospital or residential treatment center, you are responsible for paying the Inpatient Deductible.

Non-Certification Deductible

Each time you are admitted to a hospital or residential treatment center or have outpatient surgery at an ambulatory surgical center without properly obtaining certification, you are responsible for paying the Non-Certification Deductible. This deductible will not apply to an emergency admission or procedure, services provided at a participating provider or to medically necessary inpatient facility services available to you through the BlueCard Program. Certification is explained in UTILIZATION REVIEW PROGRAM.

CO-PAYMENTS

After you have satisfied any applicable deductible, we will subtract your Co-Payment from the maximum allowed amount remaining (or from the amount of reasonable and customary value remaining for emergency services provided by a non-participating provider).

If your Co-Payment is a percentage, we will apply the applicable percentage to the maximum allowed amount remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

MEDICAL BENEFIT MAXIMUMS

We do not make benefit payments for any member in excess of any of the Medical Benefit Maximums.
CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this plan. Expense is incurred on the date you receive the service or supply for which the charge is made.

2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.

3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.

4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.

5. The expense must not exceed any of the maximum benefits or limitations of this plan.

6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.

7. All services and supplies must be ordered by a physician.

MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

**Acupuncture.** The services of a physician for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electro-acupuncture, cupping and moxibustion. We will pay for up to 12 visits during a calendar year.

**Ambulance.** Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical...
professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
  - From your home, or from the scene of an accident or medical emergency, to a hospital,
  - Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
  - Between a hospital and a skilled nursing facility or other approved facility.

- For air or water ambulance, you are transported:
  - From the scene of an accident or medical emergency to a hospital,
  - Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
  - Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. Emergency ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical emergency. When using an air ambulance in a non-emergency situation, we reserve the right to select the air ambulance provider. If you do not use the air ambulance we select in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes medically necessary treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a hospital. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical emergency existed even if you are not transported to a hospital. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family members or physician are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A physician's office or clinic;
• A morgue or funeral home.

**Important information about air ambulance coverage.** Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a hospital than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a hospital that is not an acute care hospital (such a skilled nursing facility), or if you are taken to a physician's office or to your home.

**Hospital to hospital transport:** If you are being transported from one hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the hospital that first treats you cannot give you the medical services you need. Certain specialized services are not available at all hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain hospitals. For services to be covered, you must be taken to the closest hospital that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your physician prefers a specific hospital or physician.

* If you have an emergency medical condition that requires an emergency response, please call the “911” emergency response system if you are in an area where the system is established and operating.

and studies used by the National Institutes of Health, and (2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:

i. The Department of Veterans Affairs,

ii. The Department of Defense, or

iii. The Department of Energy.

2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

3. Studies or investigations done for drug trials that are exempt from the investigational new drug application.

Participation in the clinical trial must be recommended by your physician after determining participation has a meaningful potential to benefit you. All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.

3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

4. Any item, device, or service that is paid for by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

**Note:** You will be financially responsible for the costs associated with non-covered services.

Disagreements regarding the coverage or medical necessity of possible clinical trial services may be subject to Independent Medical Review as described in GRIEVANCE PROCEDURES.

Important: If you decide to receive dental services that are not covered under this plan, a participating provider who is a dentist may charge you his or her usual and customary rate for those services. Prior to providing you with dental services that are not a covered benefit, the dentist should provide a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about the dental services that are covered under this plan, please call us at the member services telephone number listed on your ID card. Prescription Drug for Abortion. Mifepristone is covered when provided under the Food and Drug Administration (FDA) approved treatment regimen.

Prescription Drugs Obtained from or Administered by a Medical Provider. Your plan includes benefits for prescription drugs, including specialty drugs that must be administered to you as part of a physician visit, services from a home health agency or at an outpatient hospital when they are covered services. This may include drugs for infusion therapy, chemotherapy, blood products, certain injectables and any drug that must be administered by a physician. This section describes your benefits when your physician orders the medication and administers it to you.

Benefits for drugs that you inject or get at a retail pharmacy (i.e., self-administered drugs) are not covered under this section. Benefits for those and other covered drugs are described under YOUR PRESCRIPTION DRUG BENEFITS, if included.

Non-duplication of benefits applies to pharmacy drugs under this plan. When benefits are provided for pharmacy drugs under the plan’s medical benefits, they will not be provided under your prescription drug benefits,
if included. Conversely, if benefits are provided for pharmacy drugs under your prescription drug benefits, if included, they will not be provided under the plan’s medical benefits.

**Prior Authorization.** Your plan includes certain features to determine when prescription drugs should be covered, which are described below. As part of these features, your prescribing physician may be asked to give more details before we can decide if the drug is eligible for coverage. In order to determine if the prescription drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific physician qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one prescription drug, prescription drug regimen or treatment be used prior to use of another prescription drug, prescription drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated, and
- Use of a prescription drug formulary.

You or your physician can get the list of the prescription drug that require prior authorization by calling the phone number on the back of your identification card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a prescription drug or related item on the list does not guarantee coverage under your plan. Your physician may check with us to verify prescription drug coverage, to find out which prescription drug are covered under this section and if any drug edits apply. However, if we determine through prior authorization that the drug originally prescribed is medically necessary and is cost effective, you will be provided the drug originally requested. If, when you first become a member, you are already being treated for a medical condition by a drug that has been appropriately prescribed and is considered safe and effective for your medical condition, we will not require you to try a drug other than the one you are currently taking.
In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to us using the required uniform prior authorization request form. If you're requesting an exception to the step therapy process, your *physician* must use the same form. The request, for either prior authorization or step therapy exceptions, may be made by mail, telephone, facsimile, or it may be made electronically. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the physician’s statement in the request or clinical rationale for the *specialty pharmacy drug*.

After we get the request from your *physician*, we will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and

If we deny a request for prior authorization of a *specialty pharmacy drug*, you or your prescribing *physician* may appeal our decision by calling us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you are not satisfied with the resolution based on your inquiry, you may file a grievance with us by following the procedures described in the section entitled GRIEVANCE PROCEDURES.

BEHAVIORAL HEALTH TREATMENT SERVICES COVERED

The behavioral health treatment services covered by this plan for the treatment of Pervasive Developmental Disorder or autism are limited to those professional services and treatment programs, including Applied Behavior Analysis and evidence-based behavior intervention programs, that develop or restore, to the maximum extent practicable, the functioning of an individual with Pervasive Developmental Disorder or autism and that meet all of the following requirements:

- The treatment must be prescribed by a licensed physician and surgeon (an M.D. or D.O.) or developed by a licensed psychologist,
- The treatment must be provided under a treatment plan prescribed by a Qualified Autism Service Provider and administered by one of the following: (a) Qualified Autism Service Provider, (b) Qualified Autism Service Professional supervised and employed by the Qualified Autism Service Provider, or (c) Qualified Autism Service Paraprofessional supervised and employed by a Qualified Autism Service provider, and

The treatment plan must be reviewed no less than once every six months by the Qualified Autism Service Provider and modified whenever appropriate, and must be consistent with applicable state law that imposes requirements on the provision of Applied Behavioral Analysis services and Intensive Behavioral Intervention services to certain persons pursuant to which the Qualified Autism Service Provider does all of the following:
♦ Describes the patient's behavioral health impairments to be treated,

♦ Designs an intervention plan that includes the service type, number of hours, and parent participation needed to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,

♦ Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating Pervasive Developmental Disorder or autism,

**REIMBURSEMENT FOR ACTS OF THIRD PARTIES**

Under some circumstances, a *member* may need services under this *plan* for which a third party may be liable or legally responsible by reason of negligence, an intentional act or breach of any legal obligation. In that event, we will provide the benefits of this *plan* subject to the following:

1. We will automatically have a lien, to the extent of benefits provided, upon any recovery, whether by settlement, judgment or otherwise, that you receive from the third party, the third party's insurer, or the third party's guarantor. The lien will be in the amount of benefits we paid under this *plan* for the treatment of the illness, disease, injury or condition for which the third party is liable.

   • If we paid the provider other than on a capitated basis, our lien will not be more than amount we paid for those services.

   • If we paid the provider on a capitated basis, our lien will not be more than 80% of the usual and customary charges for those services in the geographic area in which they were given.

   • If you hired an attorney to gain your recovery from the third party, our lien will not be for more than one-third of the money due you under any final judgment, compromise, or settlement agreement.
• If you did not hire an attorney, our lien will not be for more than one-half of the money due you under any final judgment, compromise or settlement agreement.

• If a final judgment includes a special finding by a judge, jury, or arbitrator that you were partially at fault, our lien will be reduced by the same comparative fault percentage by which your recovery was reduced.

• Our lien is subject to a pro rata reduction equal to your reasonable attorney’s fees and costs in line with the common fund doctrine.

2. You must advise us in writing, within 60 days of filing a claim against the third party and take necessary action, furnish such information and assistance, and execute such papers as we may require to facilitate enforcement of our rights. You must not take action which may prejudice our rights or interests under your plan. Failure to give us such notice or to cooperate with us, or actions that prejudice our rights or interests will be a material breach of this plan and will result in your being personally responsible for reimbursing us.

3. We will be entitled to collect on our lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.

YOUR PRESCRIPTION DRUG BENEFITS

PRESCRIPTION DRUG COVERED EXPENSE

*Prescription drug covered expense* is the maximum charge for each covered service or supply that will be accepted by us for each different type of pharmacy. It is not necessarily the amount a pharmacy bills for the service.

You may avoid higher out-of-pocket expenses by choosing a *participating pharmacy*, or by utilizing the home delivery program whenever possible. In addition, you may also reduce your costs by asking your physician, and your pharmacist, for the more cost-effective *generic* form of *prescription drugs*.

*Prescription drug covered expense* will always be the lesser of the billed charge or the *prescription drug maximum allowed amount*. Expense is incurred on the date you receive the *drug* for which the charge is made.

When you choose a *participating pharmacy*, the *pharmacy benefits manager* will subtract any expense which is not covered under your *prescription drug* benefits. The remainder is the amount of *prescription*
**drug covered expense** for that claim. You will not be responsible for any amount in excess of the **prescription maximum allowed amount** for the covered services of a **participating pharmacy**.

When the **pharmacy benefits manager** receives a claim for **drugs** supplied by a **non-participating pharmacy**, they first subtract any expense which is not covered under your **prescription drug benefits**, and then any expense exceeding the **prescription maximum allowed amount**. The remainder is the amount of **prescription drug covered expense** for that claim.

**You will always be responsible for expense incurred which is not covered under this plan.**

**PRESCRIPTION DRUG CO-PAYMENTS**

After the **pharmacy benefits manager** determines **prescription drug covered expense**, they will subtract your **Prescription Drug Co-Payment** for each **prescription**.

If your **Prescription Drug Co-Payment** includes a percentage of **prescription drug covered expense**, then the **pharmacy benefits manager** will apply that percentage to such expense. This will determine the dollar amount of your **Prescription Drug Co-Payment**.

The **Prescription Drug Co-Payments** are set forth in the **SUMMARY OF BENEFITS**.

**HOW TO USE YOUR PRESCRIPTION DRUG BENEFITS**

**When You Go to a Participating Pharmacy.** To identify you as a **member** covered for **prescription drug benefits**, you will be issued an identification card. You must present this card to **participating pharmacies** when you have a **prescription** filled. Provided you have properly identified yourself as a **member**, a **participating pharmacy** will only charge your **Co-Payment**.

**Generic drugs** will be dispensed by **participating pharmacies** when the **prescription** indicates a **generic drug**. When a **brand name drug** is specified, but a **generic drug** equivalent exists, the **generic drug** will be substituted. **Brand name drugs** will be dispensed by **participating pharmacies** when the **prescription** specifies a **brand name** and states “dispense as written” or no **generic drug** equivalent exists.

For information on how to locate a **participating pharmacy** in your area, call 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

**Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage.** If you
present a prescription to a participating pharmacy, and the participating pharmacy indicates your prescription cannot be filled, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the prescription filled, you will have to pay either the full cost, or the additional Co-Payment, for the prescription drug. If you believe you are entitled to some plan benefits in connection with the prescription drug, submit a claim for reimbursement to the pharmacy benefits manager at the address shown below:

Prescription Drug Program  
ATTN: Commercial Claims  
P.O. Box 2872  
Clinton, IA 52733-2872

Participating pharmacies usually have claims forms, but, if the participating pharmacy does not have claim forms, claim forms and member services are available by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Mail your claim, with the appropriate portion completed by the pharmacist, to the pharmacy benefits manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

Important Note: If we determine that you may be using prescription drugs in a harmful or abusive manner, or with harmful frequency, your selection of participating pharmacies may be limited. If this happens, we may require you to select a single participating pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single participating pharmacy. We will contact you if we determine that use of a single participating pharmacy is needed and give you options as to which participating pharmacy you may use. If you do not select one of the participating pharmacies we offer within 31 days, we will select a single participating pharmacy for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the "GRIEVANCE PROCEDURES" section.

In addition, if we determine that you may be using controlled substance prescription drugs in a harmful or abusive manner, or with harmful frequency, your selection of participating providers for controlled substance prescriptions may be limited. If this happens, we may require you to select a single participating provider that will provide and coordinate all controlled substance prescriptions. Benefits for controlled substance prescriptions will only be paid if you use the single participating provider. We will contact you if we determine that use of a single participating provider is needed and give you options as to which participating provider you may use. If you do not select one of the participating providers we offer within 31 days, we will select a single
participating provider for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the “Grievance Procedures” section of this plan.

When You Go to a Non-Participating Pharmacy. If you purchase a prescription drug from a non-participating pharmacy, you will have to pay the full cost of the drug and submit a claim to us, at the address below:

Prescription Drug Program  
ATTN: Commercial Claims  
P.O. Box 2872  
Clinton, IA 52733-2872

Non-participating pharmacies do not have our prescription drug claim forms. You must take a claim form with you to a non-participating pharmacy. The pharmacist must complete the pharmacy’s portion of the form and sign it.

Claim forms and member services are available by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Mail your claim with the appropriate portion completed by the pharmacist to us within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

When You are Out of State. If you need to purchase a prescription drug out of the state of California, you may locate a participating pharmacy by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you cannot locate a participating pharmacy, you must pay for the drug and submit a claim to us. (See “When You Go to a Non-Participating Pharmacy” above.)

When You Order Your Prescription Through the Home Delivery Program. You can order your prescription through the home delivery prescription drug program. Not all medications are available through the home delivery pharmacy.

The prescription must state the drug name, dosage, directions for use, quantity, the physician’s name and phone number, the patient’s name and address, and be signed by a physician. You must submit it with the appropriate payment for the amount of the purchase, and a properly completed order form. You need only pay the cost of your Co-Payment.

Your first home delivery prescription must also include a completed Patient Profile questionnaire. The Patient Profile questionnaire can be obtained by calling the toll-free number on your ID card. You need only enclose the prescription or refill notice, and the appropriate payment for any subsequent home delivery prescriptions, or call the toll-free number. Co-payments can be paid by check, money order or credit card.
Order forms can be obtained by contacting us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to request one. The form is also available online at www.anthem.com/ca.

**PRESCRIPTION DRUG UTILIZATION REVIEW**

Your prescription drug benefits include utilization review of prescription drug usage for your health and safety. Certain drugs may require prior authorization. If there are patterns of over-utilization or misuse of drugs, our medical consultant will notify your personal physician and your pharmacist. We reserve the right to limit benefits to prevent over-utilization of drugs.

**PREFERRED DRUG PROGRAM**

We use a list of preferred drugs, which is sometimes called a formulary, to help your physician make prescribing decisions. The presence of a drug on the plan’s preferred drug list does not guarantee that you will be prescribed that drug by your physician. These medications, which include both generic and brand name drugs, are listed in the preferred drug list. The preferred drug list is updated quarterly to ensure that the list includes drugs that are safe and effective. Note: The preferred drug list may change from time to time.

Some drugs may require prior authorization. Non-preferred drugs are not available through the home delivery program. If you have a question regarding whether a particular drug is on our preferred drug list or requires prior authorization please call us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

**Prior Authorization.** Physicians must obtain prior authorization in order for you to get benefits for certain prescription drugs. At times, your physician will initiate a prior authorization on your behalf before your pharmacy fills your prescription. At other times, the pharmacy may make you or your physician aware that a prior authorization or other information is needed. In order to determine if the prescription drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific physician qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
• Step therapy requiring one prescription drug, prescription drug regimen or treatment be used prior to use of another prescription drug, prescription drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.

• Use of a prescription drug formulary.

You or your physician can get the list of the prescription drug that require prior authorization by calling the phone number on the back of your identification card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a prescription drug or related item on the list does not guarantee coverage under your plan. Your physician may check with us to verify prescription drug coverage, to find out which prescription drug are covered under this section and if any drug edits apply.

In order for you to get a drug that requires prior authorization, your physician must send a written request to us for the drug using the required uniform prior authorization request form. If you’re requesting an exception to the step therapy process, your physician must use the same form. The request, for either prior authorization or step therapy exceptions, can be sent to us by mail, facsimile, or it may be submitted electronically. If your physician needs a copy of the request form, he or she may call us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to request one. The form is also available on-line at www.anthem.com/ca.

Upon receiving the completed uniform prior authorization request form, we will review the request and respond within the following time periods:

• 72 hours for non-urgent requests, and

• 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the plan.

While we are reviewing the request, a 72-hour emergency supply of medication may be dispensed to you if your physician or pharmacist determines that it is appropriate and medically necessary. You may have to pay the applicable co-payment shown in SUMMARY OF BENEFITS: PRESCRIPTION DRUG BENEFITS: PRESCRIPTION DRUG CO-PAYMENTS for the 72-hour supply of your drug. If we approve the request for the drug after you have received a 72-hour supply, you will receive the remainder of the 30-day supply of the drug with no additional copayment.

If you have any questions regarding whether a drug is on our prescription drug formulary, or requires prior authorization, please call us at 1-800-
700-2541 (or TTY/TDD 1-800-905-9821). Information about the drugs on our formulary drug list is also available on our internet website www.anthem.com/ca.

If we deny a request for prior authorization of a drug, you or your prescribing physician may appeal our decision by calling us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you are not satisfied with the resolution based on your inquiry, you may file a grievance with us by following the procedures described in the section entitled GRIEVANCE PROCEDURES.

Revoking or modifying a prior authorization. A prior authorization of benefits for prescription drugs may be revoked or modified prior to your receiving the drugs for reasons including but not limited to the following:

- Your coverage under this plan ends;
- The agreement with the group terminates;
- You reach a benefit maximum that applies to prescription drugs, if the plan includes such a maximum;
- Your prescription drug benefits under the plan change so that prescription drugs are no longer covered or are covered in a different way.

A revocation or modification of a prior authorization of benefits for prescription drugs applies only to unfilled portions or remaining refills of the prescription, if any, and not to drugs you have already received.

New drugs and changes in the prescription drugs covered by the plan. The outpatient prescription drugs included on the list of preferred drugs covered by the plan is decided by the Pharmacy and Therapeutics Process which is comprised of independent nurses, physicians and pharmacists. The Pharmacy and Therapeutics Process meets quarterly and decides on changes to make in the preferred drug list based on recommendations from us and a review of relevant information, including current medical literature.

While not covered under this prescription drug benefit, infusion drugs are covered as specified under the “Professional Services” and “Home Infusion Therapy” provisions of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED (see Table of Contents), subject to all terms of this plan that apply to those benefits.

21. Select classes of drugs where non-preferred medications, which have therapeutic alternatives, have shown no benefit regarding efficacy or side effect over preferred drugs. However, this will not apply if the prescriber denotes “dispense as written” or “do not substitute” or requests prior authorization from us by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

21. Herbal supplements, nutritional and dietary supplements, except as described in this plan or that we must cover by law. This exclusion includes, but is not limited to, nutritional formulas and dietary supplements that you can buy over the counter and those you can get without a written prescription or from a licensed pharmacist.

However, formulas prescribed by a physician for the treatment of phenylketonuria that are obtained from a pharmacy are covered as specified under PRESCRIPTION DRUG SERVICES AND SUPPLIES THAT ARE COVERED. Also, vitamins, supplements, and certain over-the-counter items as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS are covered under this plan only when obtained with a physician’s prescription, subject to all terms of this plan that apply to those benefits.

23. Prescription drugs with a non-prescription (over-the-counter) chemical and dose equivalent except insulin. This does not apply if an over-the-counter equivalent was tried and was ineffective.

24. Charges for services not described in your medical records.

25. Certain prescription drugs may not be covered if you could use a clinically equivalent drug, unless required by law. “Clinically equivalent” means drugs that for most members, will give you similar results for a disease or condition. If you have questions about whether a certain drug is covered and which drugs fall into this
group, please call the number on the back of your Identification Card, or visit our website at www.anthem.com.

If you or your physician believes you need to use a different prescription drug, please have your physician or pharmacist get in touch with us. We will cover the other prescription drug only if we agree that it is medically necessary and appropriate over the clinically equivalent drug. We will review benefits for the prescription drug from time to time to make sure the drug is still medically necessary.

26. Drugs which are over any quantity or age limits set by the plan or us.

27. Prescription drugs prescribed by a provider that does not have the necessary qualifications, registrations and/or certifications.

28. Drugs prescribed, ordered, referred by or given by a member of your immediate family, including your spouse, child, brother, sister, parent, in-law or self.

29. Services we conclude are not medically necessary. This includes services that do not meet our medical policy, clinical coverage, or benefit policy guidelines.

COORDINATION OF BENEFITS

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each member, per calendar year, and are largely determined by California law. Any coverage you have for medical or dental benefits, will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan
covering the person for whom claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private hospital room is medically necessary in terms of generally accepted medical practice, or one of the plans routinely provides coverage for hospital private rooms.

2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.

3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.

4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.

6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan’s deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;

2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trusteed plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.

4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this plan which provides benefits subject to this provision.

EFFECT ON BENEFITS

This provision will apply in determining a person’s benefits under This Plan for any calendar year if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that calendar year.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.

2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.

3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a subscriber pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired subscriber.

For example: You are covered as a retired employee under this plan and eligible for Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second and the plan which covers you as a retired employee would pay last.

3. For a dependent child covered under plans of two parents, the plan of the parent whose birthday falls earlier in the calendar year pays before the plan of the parent whose birthday falls later in the calendar year. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent child of parents who are divorced or separated, the following rules will be used in place of Rule 3:

a. If the parent with custody of that child for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that child as a dependent pays first.

b. If the parent with custody of that child for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:

   i. The plan which covers that child as a dependent of the parent with custody.

   ii. The plan which covers that child as a dependent of the stepparent (married to the parent with custody).

   iii. The plan which covers that child as a dependent of the parent without custody.

   iv. The plan which covers that child as a dependent of the stepparent (married to the parent without custody).

c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that child's health care coverage, a plan which covers that child as a dependent of that parent pays first.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.

5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.

6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.
BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

If you are entitled to Medicare, you will receive the full benefits of this plan, except as listed below:

1. You are receiving treatment for end-stage renal disease following the first 30 months you are entitled to end-stage renal disease benefits under Medicare; or

2. You are entitled to Medicare benefits as a disabled person, unless you have a current employment status as determined by Medicare rules through a group of 100 or more employees (according to federal OBRA legislation).

In cases where exceptions 1 or 2 apply, our payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision “Coordinating Benefits With Medicare”, below.

Coordinating Benefits With Medicare. We will not provide benefits under this plan that duplicate any benefits to which you would be entitled under Medicare. This exclusion applies to all parts of Medicare in which you can enroll without paying additional premium. If you are required to pay additional premium for any part of Medicare, this exclusion will apply to that part of Medicare only if you are enrolled in that part.

If you are entitled to Medicare, your Medicare coverage will not affect the services covered under this plan except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and under this plan.

2. For services you receive that are covered both by Medicare and under this plan, coverage under this plan will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.

3. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this plan will not exceed the maximum allowed amount for the covered services.

We will apply any charges paid by Medicare for services covered under this plan toward your plan deductible, if any.

UTILIZATION REVIEW PROGRAM

Your plan includes the process of utilization review to decide when services are medically necessary or experimental/investigative as those terms are defined in this booklet. Utilization review aids the delivery of
cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is part of the review, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care.

Certain services must be reviewed to determine medical necessity in order for you to get benefits. Utilization review criteria will be based on many sources including medical policy and clinical guidelines. We may decide that a treatment that was asked for is not *medically necessary* if a clinically equivalent treatment that is more cost-effective is available and appropriate.

If you have any questions about the information in this section, you may call the Member Services phone number on the back of your Identification Card.

**Coverage for or payment of the service or treatment reviewed is not guaranteed.** For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your *plan*;
3. The service cannot be subject to an exclusion under your *plan* (please see *MEDICAL CARE THAT IS NOT COVERED* for more information); and
4. You must not have exceeded any applicable limits under your *plan*.

**TYPES OF REVIEWS**

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
  - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

  For admissions following an *emergency*, you, your authorized representative or *physician* must tell us within 24 hours of the
admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient hospital stays for mastectomy surgery, including the length of hospital stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

  - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any physician with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Services for which precertification is required (i.e., services that need to be reviewed by us to determine whether they are medically necessary) include, but are not limited to, the following:

- **Note:** The appropriate utilization reviews must be performed in accordance with this plan. When pre-service review is not performed as required for the services listed below, the benefits to which you would have been otherwise entitled will be subject to the Non-Certification Deductible shown in the SUMMARY OF BENEFITS.

  - Scheduled, non-emergency inpatient hospital stays and residential treatment center admissions.
Exceptions: Pre-service review is not required for inpatient hospital stays for the following services:

- Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
- Mastectomy and lymph node dissection.

- Specific non-emergency outpatient services, including diagnostic treatment, genetic tests and other services.

- Specific outpatient surgeries performed in an outpatient facility or a doctor’s office.

- When pre-service review is performed and the admission, procedure or service is determined to be medically necessary and appropriate, benefits will be provided for the services listed below.

- Organ and tissue transplants, including transplant travel, as follows:
  a. For kidney, bone, skin or cornea transplants if the physicians on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
  b. For transplantation of liver, heart, heart-lung, lung, kidney-pancreas or bone marrow, including autologous bone marrow transplant, peripheral stem cell replacement and similar procedures if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a Centers of Medical Excellence (CME) facility.

- Visits for physical therapy, physical medicine and occupational therapy beyond those described under the “Physical Therapy, Physical Medicine and Occupational Therapy” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. A specified number of additional visits may be authorized after your initial visit. While there is no limit on the number of covered visits for medically necessary physical therapy, physical medicine, and occupational therapy, visits must be authorized in advance.

- Home infusion therapy provider if the attending physician has submitted both a prescription and a plan of treatment before services are rendered.

- Home health care. The following criteria must be met:
  - The services can be safely provided in your home, as certified by your attending physician;
Your attending physician manages and directs your medical care at home; and

Your attending physician has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the home health agency.

- Admissions to a skilled nursing facility, if you require daily skilled nursing or rehabilitation, as certified by your attending physician.

- Bariatric surgical services, such as gastric bypass and other surgical procedures for weight loss, including bariatric travel expense, if:
  
  - The services are to be performed for the treatment of morbid obesity;
  
  - The physicians on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and

  
  - The bariatric surgical procedure will be performed at a CME facility.

- Select imaging procedures, including but not limited to: Magnetic Resonance Imaging (MRI), Computerized Axial Tomography (CAT scan), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan) and Nuclear Cardiac Imaging. You may call the toll-free member services telephone number on your identification card to find out if an imaging procedure requires pre-service review.

- All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures must be authorized in advance.

- Prescription drugs that require prior authorization as described under the “Prescription Drugs Obtained from or Administered by a Medical Provider” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED.

- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM.
• Transgender services, including transgender travel expense, as specified under the “Transgender Services” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. You must be diagnosed with gender identity disorder or gender dysphoria by a physician.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.

If you proceed with any services that have been determined to be not medically necessary and appropriate at any stage of the utilization review process, benefits will not be provided for those services.
WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, participating providers know which services need precertification and will get any precertification when needed. Your physician and other participating providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, hospital or attending physician ("requesting provider") will get in touch with us to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

**HOW DECISIONS ARE MADE**

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our medical necessity decisions. This includes decisions about *prescription drugs* as detailed in the section “Prescription Drugs Obtained From Or Administered By a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with our decision under this section of your benefits, please refer to the “Grievance Procedures” section to see what rights may be available to you.
**DECISION AND NOTICE REQUIREMENTS**

We will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your agreement was issued, other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

If more information is needed to make our decision, we will tell the requesting physician of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe identified in the written notice, we will make a decision based upon the information we have.
We will notify you and your physician of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

**Revoking or modifying a Precertification Review decision.** We will determine in advance whether certain services (including procedures and admissions) are medically necessary and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this plan ends;
- The agreement with the group terminates;
- You reach a benefit maximum that applies to the service in question;
- Your benefits under the plan change so that the service is no longer covered or is covered in a different way.

**HEALTH PLAN INDIVIDUAL CASE MANAGEMENT**

The health plan individual case management program enables us to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, we discuss possible options for an alternative plan of treatment which may include services not covered under this plan. It is not your right to receive individual case management, nor do we have an obligation to provide it; we provide these services at our sole and absolute discretion.

**HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS**

Our health plan individual case management program (Case Management) helps coordinate services for members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case
management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and teamwork with you and/or your chosen authorized representative, treating physicians, and other providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

**Alternative Treatment Plan.** In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a covered service. We may also extend services beyond the benefit maximums of this plan. We will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of you and us and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

**EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM**

From time to time, we may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in our discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, we may select certain qualifying health care providers to participate in a program or a provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt claims from medical review if certain conditions apply.

If we exempt a process, health care provider, or claim from the standards that would otherwise apply, we are in no way obligated to do so in the future, or to do so for any other health care provider, claim, or member. We may stop or modify any such exemption with or without advance notice.
We also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this plan’s members.

You may determine whether a health care provider participates in certain programs or a provider arrangement by checking our online provider directory on our website at www.anthem.com/ca or by calling us at the Member Services telephone number listed on your ID card.

CONTINUATION OF COVERAGE

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the agreement is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your employer for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this “Definitions” provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this agreement as either a subscriber or family member; and (b) a child who is born to or placed for adoption with the subscriber during the COBRA continuation period. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including any family members acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the agreement. The events will be referred to throughout this section by number.
1. **For Subscribers and Family Members:**
   a. The subscriber’s termination of employment, for any reason other than gross misconduct; or
   b. Loss of coverage under an employer’s health plan due to a reduction in the subscriber’s work hours.

2. **For Retired Employees and their Family Members.** Cancellation or a substantial reduction of retiree benefits under the plan due to the group’s filing for Chapter 11 bankruptcy, provided that:
   a. The agreement expressly includes coverage for retirees; and
   b. Such cancellation or reduction of benefits occurs within one year before or after the group’s filing for bankruptcy.

3. **For Family Members:**
   a. The death of the subscriber;
   b. The spouse’s divorce or legal separation from the subscriber;
   c. The end of a domestic partner’s partnership with the subscriber;
   d. The end of a child’s status as a dependent child, as defined by the agreement; or
   e. The subscriber’s entitlement to Medicare.

**ELIGIBILITY FOR COBRA CONTINUATION**

A subscriber or family member may choose to continue coverage under the agreement if your coverage would otherwise end due to a Qualifying Event.

**TERMS OF COBRA CONTINUATION**

**Notice.** The group or its administrator (we are not the administrator) will notify either the subscriber or family member of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1, or 2, the group or its administrator will notify the subscriber of the right to continue coverage.

2. For Qualifying Events 3(a) or 3(d) above, a family member will be notified of the COBRA continuation right.

3. You must inform the group within 60 days of Qualifying Events 3(b) or 3(c) above if you wish to continue coverage. The group in turn will promptly give you official notice of the COBRA continuation right.
If you choose to continue coverage you must notify the group within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all members within a family, or only for selected members.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial subscription charge, must be delivered to us by the group within 45 days after you elect COBRA continuation coverage.

**Additional Family Members.** A spouse, domestic partner or child acquired during the COBRA continuation period is eligible to be enrolled as a family member. The standard enrollment provisions of the agreement apply to enrollees during the COBRA continuation period.

**Cost of Coverage.** The group may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "subscription charge", must be remitted to the group each month during the COBRA continuation period. We must receive payment of the subscription charge each month from the group in order to maintain the coverage in force.

Besides applying to the subscriber, the subscriber’s rate also applies to:

1. A spouse whose COBRA continuation began due to divorce, separation or death of the subscriber;
2. A domestic partner whose COBRA continuation began due to the end of the domestic partnership or death of the subscriber;
3. A child if neither the subscriber nor the spouse has enrolled for this COBRA continuation coverage (if more than one child is so enrolled, the subscription charge will be the two-party or three-party rate depending on the number of children enrolled); and
4. A child whose COBRA continuation began due to the person no longer meeting the dependent child definition.

**Subsequent Qualifying Events.** Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a member, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a child may have been originally eligible for this COBRA continuation due to termination of the subscriber’s employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If,
during the COBRA continuation period, the child reaches the upper age limit of the plan, the child is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the subscription charge is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For family members properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the agreement.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*

2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the subscriber, divorce or legal separation, the end of a domestic partnership, or the end of dependent child status;*

3. The end of 36 months from the date the subscriber became entitled to Medicare, if the Qualifying Event was the subscriber's entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the subscriber will end 36 months from the date the subscriber became entitled to Medicare;

4. The date the agreement terminates;

5. The end of the period for which subscription charges are last paid;

6. The date, following the election of COBRA, the member first becomes covered under any other group health plan; or

7. The date, following the election of COBRA, the member first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For a member whose COBRA continuation coverage began under a prior plan, this term will be dated from the time of the Qualifying Event under that prior plan. Additional note: If your COBRA continuation under this plan began on or after January 1, 2003 and ends in accordance with
item 1, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

Subject to the agreement remaining in effect, a retired subscriber whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered family members may continue coverage for 36 months after the subscriber’s death. But coverage could terminate prior to such time for either the subscriber or family member in accordance with items 4, 5 or 6 above.

Other Coverage Options Besides COBRA Continuation Coverage. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan) through the conditions listed under the SPECIAL ENROLLMENT PERIODS provision. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered members may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled member must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The member must furnish the group with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

**Cost of Coverage.** For the 19th through 29th months that the total disability continues, the *group* must remit the cost for the extended continuation coverage to us. This cost (called the "subscription charge") shall be subject to the following conditions:

1. If the disabled *member* continues coverage during this extension, this charge shall be 150% of the applicable rate for the length of time the disabled *member* remains covered, depending upon the number of covered dependents. If the disabled *member* does not continue coverage during this extension, this charge shall remain at 102% of the applicable rate.

2. The cost for extended continuation coverage must be remitted to us by the *group* each month during the period of extended continuation coverage. We must receive timely payment of the subscription charge each month from the *group* in order to maintain the extended continuation coverage in force.

3. The *group* may require that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The subscription charge shall then be 150% of the applicable rate for the 19th through 36th months if the disabled *member* remains covered. The charge will be 102% of the applicable rate for any periods of time the disabled *member* is not covered following the 18th month.

**When The Extension Ends.** This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;

2. The end of 29 months from the Qualifying Event*;

3. The date the *agreement* terminates;

4. The end of the period for which subscription charges are last paid;

5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan; or
6. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the *group* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

*Note:* If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

**CALCOBRA CONTINUATION OF COVERAGE**

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or

2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

**TERMS OF CALCOBRA CONTINUATION**

Notice. Within 180 days prior to the date federal COBRA ends, we will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify us in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later. If you don't give us written notification within this time period you will not be able to continue your coverage.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance...
typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

**Additional Family Members.** A dependent acquired during the CalCOBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *agreement* apply to enrollees during the CalCOBRA continuation period.

**Cost of Coverage.** You will be required to pay the entire cost of your CalCOBRA continuation coverage (this is the “subscription charge”). This cost will be:

1. 110% of the applicable *group* rate if your coverage under federal COBRA ended after 18 months; or

2. 150% of the applicable *group* rate if your coverage under federal COBRA ended after 29 months.

You must make payment to us within the timeframes specified below. We must receive payment of your subscription charge each month to maintain your coverage in force.

**Payment Dates.** The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. You must make this payment by first-class mail or other reliable means of delivery, in an amount sufficient to pay any required subscription charges and subscription charges due. Failure to submit the correct amount within this 45-day period will disqualify you from receiving continuation coverage under CalCOBRA. Succeeding subscription charges are due on the first day of each following month.

If subscription charges are not received when due, your coverage will be cancelled. We will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment we receive after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid subscription charges that you owe to us, including subscription charges that apply during any grace period.
Change of Subscription Charge. The amounts of the subscription charges may be changed by us as of any subscription charge due date. We will provide you with written notice at least 60 days prior to the date any subscription charge increase goes into effect.

Accuracy of Information. You are responsible for supplying up-to-date eligibility information. We shall rely upon the latest information received as correct without verification; but we maintain the right to verify any eligibility information you provide.

CalCOBRA Continuation Coverage Under the Prior Plan. If you were covered through CalCOBRA continuation under the prior plan, your coverage may continue under this plan for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and subscription charge payment requirements of this plan within 30 days of receiving notice that your continuation coverage under the prior plan will end.

When CalCOBRA Continuation Coverage Begins. When you elect CalCOBRA continuation coverage and pay the subscription charge, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For family members properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the agreement.

When the CalCOBRA Continuation Ends. This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the agreement terminates;
3. The date the group no longer provides coverage to the class of members to which you belong;
4. The end of the period for which subscription charges are last paid (your coverage will be cancelled upon written notification, as explained under "Payment Dates", above);
5. The date you become covered under any other health plan;
6. The date you become entitled to Medicare; or
7. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of our service area or if you commit fraud.
If your CalCOBRA continuation coverage began under a prior plan, this term will be dated from the time of the qualifying event under that prior plan.

EXTENSION OF BENEFITS

If you are a totally disabled subscriber or a totally disabled family member and under the treatment of a physician on the date of discontinuance of the agreement, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a hospital or skilled nursing facility, you are considered totally disabled as long as the inpatient stay is medically necessary, and no written certification of the total disability is required. If you are discharged from the hospital or skilled nursing facility, you may continue your total disability benefits by submitting written certification by your physician of the total disability within 90 days of the date of your discharge. Thereafter, we must receive proof of your continuing total disability at least once every 90 days while benefits are extended.

2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your physician of the total disability. We must receive this certification within 90 days of the date coverage ends under this plan. At least once every 90 days while benefits are extended, we must receive proof that your total disability is continuing.

3. Your extension of benefits will end when any one of the following circumstances occurs:
   a. You are no longer totally disabled.
   b. The maximum benefits available to you under this plan are paid.
   c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
   d. A period of up to 12 months has passed since your extension began.

GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of hospital, medical or similar care, nor are we responsible for the quality of any such care received.
Independent Contractors. Our relationship with providers is that of an independent contractor. Physicians, and other health care professionals, hospitals, skilled nursing facilities and other community agencies are not our agents nor are we, or any of our employees, an employee or agent of any hospital, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits provided under this plan do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with participating providers.

Inter-Plan Arrangements

Out-of-Area Services

Overview. We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area we serve (the "Anthem Blue Cross" Service Area’), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("non-participating providers") do not contract with the Host Blue. We explain below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are prescription drugs that you obtain from a pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive covered services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.
When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive covered services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements
If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the group on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross’s Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or copayment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

F. BlueCard Worldwide® Program

If you plan to travel outside the United States, call Member Services to find out your BlueCard Worldwide benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID card with you.

When you are traveling abroad and need medical care, you can call the BlueCard Worldwide Service Center any time. They are available 24
hours a day, seven days a week. The toll free number is 800-810-2583. Or you can call them collect at 804-673-1177.

If you need inpatient hospital care, you or someone on your behalf, should contact us for preauthorization. Keep in mind, if you need emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the “Utilization Review Program” section in this booklet for further information. You can learn how to get pre-authorization when you need to be admitted to the hospital for emergency or non-emergency care.

**How Claims are Paid with BlueCard Worldwide**

In most cases, when you arrange inpatient hospital care with BlueCard Worldwide, claims will be filed for you. The only amounts that you may need to pay up front are any copayment or deductible amounts that may apply.

You will typically need to pay for the following services up front:

- Physician services;

- Inpatient hospital care not arranged through BlueCard Worldwide; and

- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need BlueCard Worldwide claim forms you can get international claims forms in the following ways:

- Call the BlueCard Worldwide Service Center at the numbers above; or

You will find the address for mailing the claim on the form.

**Terms of Coverage**

1. In order for you to be entitled to benefits under the *agreement*, both the *agreement* and your coverage under the *agreement* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.

3. The agreement is subject to amendment, modification or termination according to the provisions of the agreement without your consent or concurrence.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage. Anthem does not have the right to cancel your coverage under this plan while:

1. This plan is in effect;
2. You are eligible; and
3. Your subscription charges are paid according to the terms of the agreement.

Free Choice of Provider. This plan in no way interferes with your right as a member entitled to hospital benefits to select a hospital. You may choose any physician who holds a valid physician and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the hospital where services are received. You may also choose any other health care professional or facility which provides care covered under this plan, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this plan.

Provider Reimbursement. Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating physician may, after notice from us, be subject to a reduced negotiated rate in the event the participating physician fails to make routine referrals to participating providers, except as otherwise allowed (such as for emergency services). Hospitals and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Other forms of payment arrangement are Payment Innovation Programs. These programs may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner. The programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of a participating provider's
total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, participating providers may be required to make payment to us under the program as a consequence of failing to meet these pre-defined standards. The programs are not intended to affect the member's access to health care. The program payments are not made as payment for specific covered services provided to the member, but instead, are based on the participating provider's achievement of these pre-defined standards. The member is not responsible for any co-payment amounts related to payments made by us or to us under the programs and the member does not share in any payments made by participating providers to us under the programs.

**Availability of Care.** If there is an epidemic or public disaster and you cannot obtain care for covered services, we refund the unearned part of the subscription charge paid for you. A written request for that refund and satisfactory proof of the need for care must be sent to us within 31 days. This payment fulfills our obligation under this plan.

**Medical Necessity.** The benefits of this plan are provided only for services which we determine to be medically necessary. The services must be ordered by the attending physician for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this plan is available to you upon request.

**Expense in Excess of Benefits.** We are not liable for any expense you incur in excess of the benefits of this plan.

**Benefits Not Transferable.** Only the member is entitled to receive benefits under this plan. The right to benefits cannot be transferred.

**Notice of Claim.** You must send properly and fully completed claim forms to us within 90 days of the date you receive the service or supply for which a claim is made. Services received and charges for the services must be itemized, and clearly and accurately described. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. We are not liable for the benefits of the agreement if you do not file claims within the required time period. Claim forms must be used; canceled checks or receipts are not acceptable.

To obtain a claim form you or someone on your behalf may call the Member Services phone number shown on your ID Card or go to our website at www.anthem.com/ca and download and print one.

**Payment to Providers.** We will pay the benefits of this plan directly to contracting hospitals, participating providers and medical transportation...
providers. If you or one of your family members receives services from non-contracting hospitals or non-participating providers, payment may be made directly to the subscriber and you will be responsible for payment to the provider. Any assignment of benefits, even if assignment includes the providers right to receive payment, is generally void. However, there are certain situations in which an assignment of benefits is permitted. For example, if you go to a participating provider that is a hospital or facility at which, or as a result of which, you receive covered non-emergency services from a non-participating provider such as a radiologist, anesthesiologist, or pathologist, an assignment of benefits to such non-participating provider will be permitted. Any payments for the assigned benefits fulfill our obligation to you for those services. We will pay non-contracting hospitals and other providers of service directly when emergency services and care are provided to you or one of your family members. We will continue such direct payment until the emergency care results in stabilization. If you are a MediCal beneficiary and you assign benefits in writing to the State Department of Health Services, we will pay the benefits of this plan to the State Department of Health Services. These payments will fulfill our obligation to you for those covered services.

Care Coordination. We pay participating providers in various ways to provide covered services to you. For example, sometimes we may pay participating providers a separate amount for each covered service they provide. We may also pay them one amount for all covered services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, we may pay participating providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate participating providers for coordination of your care. In some instances, participating providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by participating providers to us under these programs.

Right of Recovery. Whenever payment has been made in error, we will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event we recover a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, we will only recover such payment from the provider within 365 days of the date we made the payment on a claim submitted by the provider. We reserve the right to deduct or offset any amounts paid in error from any pending or future claim.
Under certain circumstances, if we pay your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, we may collect such amounts directly from you. You agree that we have the right to recover such amounts from you.

We have oversight responsibility for compliance with provider and vendor and subcontractor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

We have established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. We will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. We may not provide you with notice of overpayments made by us or you if the recovery method makes providing such notice administratively burdensome.

**Plan Administrator - COBRA and ERISA.** In no event will we be plan administrator for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Employee Retirement Income Security Act (ERISA). The term "plan administrator" refers either to the group or to a person or entity, other than us, engaged by the group to perform or assist in performing administrative tasks in connection with the group's health plan. The group is responsible for satisfaction of notice, disclosure and other obligations of administrators under ERISA. In providing notices and otherwise performing under the CONTINUATION OF COVERAGE section of this booklet, the group is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agent.

**Workers’ Compensation Insurance.** The agreement does not affect any requirement for coverage by workers’ compensation insurance. It also does not replace that insurance.

**Legal Actions.** No attempt to recover on the plan through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this plan. No such action may be started later than three years from the time written proof of loss is required to be furnished. If you bring a civil action under Section 502(a) of ERISA, you must bring it within one year of the grievance or appeal decision.

**Prepayment Fees.** Your employer is responsible for paying subscription charges to us for all coverage provided to you and your family members. Your employer may require that you contribute all or part of the costs of these subscription charges. Please consult your employer for details.
Liability of Subscriber to Pay Providers. In accordance with California law, you will not be required to pay any participating provider or other health care provider any amounts we owe to that provider (not including co-payments or deductibles), even in the unlikely event that we fail to pay that provider. You may be liable, however, to pay non-participating providers any amounts not paid to them by us.

Renewal Provisions. Your employer’s health plan agreement with us is subject to renewal at certain intervals. We may change the subscription charges or other terms of the plan from time to time.

Public Policy Participation. We have established a Public Policy Committee (that we call our Consumer Relations Committee) to advise our Board of Directors. This Committee advises the Board about how to assure the comfort, dignity, and convenience of the people we cover. The Committee consists of members covered by our health plan, participating providers and a member of our Board of Directors. The Committee may review our financial information and information about the nature, volume, and resolution of the complaints we receive. The Consumer Relations Committee reports directly to our Board.

Conformity with Laws. Any provision of the agreement which, on its effective date, is in conflict with the laws of the governing jurisdiction, is hereby amended to conform to the minimum requirements of such laws.

Financial Arrangements with Providers. Anthem or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as “Providers”) for the provision of and payment for health care services rendered to its subscribers and members/insured persons entitled to health care benefits under individual certificates and group policies or contracts to which Anthem or an affiliate is a party, including all persons covered under the agreement.

Under the above-referenced contracts between Providers and Anthem or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the agreement may differ from the rates paid for persons covered by other types of products or programs offered by Anthem or an affiliate for the same medical services. Also, under arrangements with some Providers certain discounts, payments, rebates, settlements, incentives, adjustments and/or
allowances, including, but not limited to, pharmacy rebates, may be based on aggregate payments made by Anthem or an affiliate in respect to all health care services rendered to all persons who have coverage through a program provided or administered by Anthem or an affiliate. They are not attributed to specific claims or plans and do not inure to the benefit of any covered individual or group, but may be considered by Anthem or an affiliate in determining its fees or subscription charges or premiums.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact member services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on the member's clinical condition and is not determined by diagnostic classifications. We will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. BINDING ARBITRATION

Note: If you are enrolled in a plan provided by your employer that is subject to ERISA, any dispute involving an adverse benefit decision must be resolved under ERISA’s claims procedure rules, and is not subject to
mandatory binding arbitration. You may pursue voluntary binding arbitration after you have completed an appeal under ERISA. If you have any other dispute which does not involve an adverse benefit decision, this BINDING ARBITRATION provision applies.

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this plan or the agreement, or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The member and Anthem agree to be bound by these arbitration provisions and acknowledge that they are giving up their right to trial by jury for both medical malpractice claims and any other disputes.

California Health & Safety Code section 1363.1 requires that any arbitration agreement include the following notice based on California Code of Civil Procedure 1295(a): It is understood that any dispute as to medical malpractice, that is, whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings and except for disputes regarding a claim for damages within the jurisdictional limits of the small claims court. Both parties to this contract, by entering into it, acknowledge that they are giving up their constitutional right to have any and all disputes, including medical malpractice claims, decided in a court of law before a jury, and instead are accepting the use of arbitration.

The member and Anthem agree to give up the right to participate in class arbitrations against each other. Even if applicable law permits class actions or class arbitrations, the member waives any right to pursue, on a class basis, any such controversy or claim against Anthem and Anthem waives any right to pursue on a class basis any such controversy or claim against the member.
The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the member making written demand on Anthem. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS"), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the member and Anthem, or by order of the court, if the member and Anthem cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, Anthem will assume all or a portion of the costs of the arbitration.

Please send all Binding Arbitration demands in writing to Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310 marked to the attention of the Member services Department listed on your identification card.

GRIEVANCE PROCEDURES

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your plan or a service you have received. If you have a question or complaint about your eligibility, (including if you believe your coverage under this plan has been or will be improperly terminated), your benefits under this plan, a participating provider, concerning a claim, or about us, please call the telephone number listed on your identification card, or you may write to us (please address your correspondence to Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310 marked to the attention of the Member services Department listed on your identification card). Our member services staff will answer your questions or assist you in resolving your issue.

If you are not satisfied with the resolution based on your initial inquiry, you may request a copy of the Plan Grievance Form from the member services representative. You may complete and return the form to us, or ask the member services representative to complete the form for you over the telephone. You may also submit a grievance to us online or print the Plan Grievance Form through the Anthem Blue Cross website at www.anthem.com/ca. You must submit your grievance to us no later than 180 days following the date you receive a denial notice from us or any other incident or action with which you are dissatisfied. Your issue will then become part of our formal grievance process and will be resolved accordingly.

All grievances received by us will be acknowledged in writing, together with a description of how we propose to resolve the grievance. Except for grievances that concern the prescription drug formulary, we will review and respond to your grievance within the following timeframes:

- After we have received your grievance, we will send you a written statement on its resolution within 30 days.
- If your case is urgent and involves an imminent threat to your health, including, but not limited to, severe pain, the potential loss of life, limb, or major bodily function, review of your grievance will be expedited and resolved within 3 days.

You have the right to review all documents that are part of your grievance file and to present evidence and testimony as part of the grievance process.

If, after our denial, we consider, rely on or generate any new or additional evidence in connection with your claim, we will provide you with that new or additional evidence, free of charge. We will not base our appeal decision on a new or additional rationale without first providing you (free
of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If we fail to follow the appeal procedures outlined under this section the appeals process may be deemed exhausted. However, the appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.

If you are dissatisfied with the resolution of your grievance, or if your grievance has not been resolved after at least 30 days (or within 3 days for urgent cases), you may submit your grievance to the California Department of Managed Health Care for review prior to binding arbitration (see DEPARTMENT OF MANAGED HEALTH CARE). If your case is urgent and involves an imminent threat to your health, as described above, you are not required to complete our grievance process or to wait at least 30 days, but may immediately submit your grievance to the Department of Managed Health Care (DMHC) for review. If your grievance concerns the termination of your coverage, you may also immediately submit your grievance to the DMHC if the DMHC determines your grievance requires immediate review.

If your grievance concerns the termination of your coverage and your coverage is still in effect when you submit a grievance, we will continue to provide coverage to you under the terms of this plan until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care. (Note: This does not apply if your coverage is cancelled due to non-payment of subscription charges.) If your coverage is maintained in force pending outcome of the review, subscription charges must still be paid to us on your behalf. If your coverage has already ended when you submit the grievance, your coverage will not be maintained. If the Director of the Department of Managed Health Care determines that your coverage should not have been terminated, we will reinstate your coverage back to the date it was terminated. Subscription charges must be paid current to us on your behalf from the date coverage is reinstated.

If at the conclusion of review of your grievance by the Department of Managed Health Care you continue to be dissatisfied with its resolution, or prior to and instead of review of your case by the Department of Managed Health Care, your remedy may be binding arbitration (see BINDING ARBITRATION).

Questions about your prescription drug coverage. If you have outpatient prescription drug coverage and you have questions or concerns, you may call the Pharmacy Member services number listed on your ID card. If you are dissatisfied with the resolution of your inquiry
and want to file a grievance, you may write to us at the address listed above and follow the formal grievance process.

**Prescription Drug List Exceptions.** Please refer to the “Exception Request for a Drug not on the Prescription Drug Formulary” section in HOW TO USE YOUR PRESCRIPTION DRUG BENEFITS for the process to submit an exception request for drugs not on the prescription drug formulary.

**Independent Medical Review of Denials of Experimental or Investigative Treatment**

If coverage for a proposed treatment is denied because we determine that the treatment is *experimental or investigative*, you may ask that the denial be reviewed by an external independent medical review organization contracting with the Department of Managed Health Care (“DMHC”). Your request for this review may be submitted to the DMHC. You pay no application or processing fees of any kind for this review. You have the right to provide information in support of your request for review. A decision not to participate in this review process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service. We will send you an application form and an addressed envelope for you to use to request this review with any grievance disposition letter denying coverage for this reason. You may also request an application form by calling us at the telephone number listed on your identification card or write to us at Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310.

To qualify for this review, all of the following conditions must be met:

- You have a life-threatening or seriously debilitating condition, described as follows:
  - A life-threatening condition is a condition or disease where the likelihood of death is high unless the course of the disease is interrupted or a condition or disease with a potentially fatal outcome where the end point of clinical intervention is the patient’s survival.
  - A seriously debilitating condition is a disease or condition that causes major, irreversible morbidity.
- Your *physician* must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no more beneficial standard treatment covered by this *plan* than the proposed treatment.
- The proposed treatment must either be:
- Recommended by a participating provider who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or

- Requested by you or by a licensed board certified or board eligible physician qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
  
a) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;

b) Medical literature meeting the criteria of the National Institutes of Health’s National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);

c) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;

d) Either of the following: (i) The American Hospital Formulary Service’s Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;

e) Any of the following references, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: (i) the Elsevier Gold Standard’s Clinical Pharmacology, (ii) the National Comprehensive Cancer Network Drug and Biologics Compendium, or (iii) the Thomson Micromedex DrugDex;

f) Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Centers for Medicare and Medicaid Services, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services; and

g) Peer reviewed abstracts accepted for presentation at major medical association meetings.
In all cases, the certification must include a statement of the evidence relied upon.

You must request this review within six months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or 3 day grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

Within three business days of receiving notice from the DMHC of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your physician. Any newly developed or discovered relevant medical records identified by us or by a participating provider after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request for review (or within seven days if your physician determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to 3 days for any delay in receiving necessary records.

**Please note:** If you have a terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less) and proposed treatment is denied because the treatment is determined to be experimental, you may also meet with our review committee to discuss your case as part of the grievance process (see GRIEVANCE PROCEDURES).

**Independent Medical Review of Grievances Involving a Disputed Health Care Service**

You may request an independent medical review ("IMR") of disputed health care services from the Department of Managed Health Care ("DMHC") if you believe that we have improperly denied, modified, or delayed health care services. A "disputed health care service" is any health care service eligible for coverage and payment under your plan that has been denied, modified, or delayed by us, in whole or in part because the service is not medically necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. We must provide you with an IMR application form and an addressed envelope for you to use to request IMR with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service.
Eligibility: The DMHC will review your application for IMR to confirm that:

1. One or more of the following conditions has been met:
   (a) Your provider has recommended a health care service as medically necessary,
   (b) You have received urgent care or emergency services that a provider determined was medically necessary, or
   (c) You have been seen by a participating provider for the diagnosis or treatment of the medical condition for which you seek independent review;

2. The disputed health care service has been denied, modified, or delayed by us, based in whole or in part on a decision that the health care service is not medically necessary; and

3. You have filed a grievance with us and the disputed decision is upheld or the grievance remains unresolved after 30 days. If your grievance requires expedited review you need not participate in our grievance process for more than 3 days. The DMHC may waive the requirement that you follow our grievance process in extraordinary and compelling cases.

You must apply for IMR within six months of the date you receive a denial notice from us in response to your grievance or from the end of the 30 day or 3 day grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist or specialists who will make an independent determination of whether or not the care is medically necessary. You will receive a copy of the assessment made in your case. If the IMR determines the service is medically necessary, we will provide benefits for the health care service.

For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within 30 days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within 3 days.

For more information regarding the IMR process, or to request an application form, please call us at the member services telephone number listed on your ID card.
Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at the telephone number listed on your identification card and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department's Internet Web site (http://www.hmohelp.ca.gov) has complaint forms, IMR applications forms and instructions online.

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising but there are far more potential recipients than donors. More donations are urgently needed.
Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver's license or identification card. In California, you may also register online at:

www.donatelifecalifornia.org/

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending physician (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for
prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call us at the member services telephone number listed on your ID card.

STATEMENT OF RIGHTS UNDER THE WOMEN’S HEALTH AND CANCER RIGHTS ACT OF 1998

This plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please call us at the member services telephone number listed on your ID card.

CLAIMS DISCLOSURE NOTICE REQUIRED BY ERISA

The Evidence of Coverage Form contains information on reporting claims, including the time limitations on submitting a claim. Claim forms may be obtained from the Plan Administrator or Anthem. In addition to this information, if this plan is subject to ERISA, ERISA applies some additional claim procedure rules. The additional rules required by ERISA are set forth below. To the extent that the ERISA claim procedure rules are more beneficial to you, they will apply in place of any similar claim procedure rules included in the Evidence of Coverage Form. This Claims Disclosure Notice Required by ERISA is not a part of your Evidence of Coverage and Disclosure (Evidence of Coverage) Form.

**Urgent Care.** Anthem must notify you, within 72-hours after they receive your request for benefits, that they have it and what they determine your benefits to be. If your request for benefits does not contain all the necessary information, they must notify you within 24-hours after they get it and tell you what information is missing. Any notice to you by them will be orally, by telephone, or in writing by facsimile or other fast means. You have at least 48-hours to give them the additional information they need to process your request for benefits. You may give them the additional information they need orally, by telephone, or in writing by facsimile or other fast means.

If your request for benefits is denied in whole or in part, you will receive a notice of the denial within 72-hours after Anthem’s receipt of the request for benefits, or 48 hours after receipt of all the information they need to process your request for benefits, if the information is received within the time frame stated above. The notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision was based. You have 180-days to appeal their adverse
benefit determination. You may appeal their decision orally, by telephone, or in writing by facsimile or other fast means. Within 72-hours after they receive your appeal, they must notify you of their decision, except as otherwise noted below. They will notify you orally, by telephone, or in writing by facsimile or other fast means. If your request for benefits is no longer considered urgent, it will be handled in the same manner as a Non-Urgent Care Pre-Service or Post-service appeal, depending upon the circumstances.

Non-Urgent Care Pre-Service (when care has not yet been received). Achievement must notify you within 15-days after they receive your request for benefits that they have it and what they have determined your benefits to be. If they need more than 15-days to determine your benefits, due to reasons beyond their control, they must notify you within that 15-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 30-days to determine your benefits. If you do not properly submit all the necessary information for your request for benefits to them, they must notify you, within 5-days after they get it and tell you what information is missing. You have 45-days to provide them with the information they need to process your request for benefits. The time period during which Achievement is waiting for receipt of the necessary information is not counted toward the time frame in which Achievement must make the benefit determination.

If your request for benefits is denied in whole or in part, you will receive a written notice of the denial within the time frame stated above after Achievement has all the information they need to process your request for benefits, if the information is received within the time frame stated above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180-days to appeal their adverse benefit determination. Your appeal must be in writing. Within 30-days after they receive your appeal, they must notify you of their decision about it. Their notice of their decision will be in writing.

Concurrent Care Decisions:

- **Reduction of Benefits** – If, after approving a request for benefits in connection with your illness or injury, Achievement decides to reduce or end the benefits they have approved for you, in whole or in part:
  - They must notify you sufficiently in advance of the reduction in benefits, or the end of benefits, to allow you the opportunity to appeal their decision before the reduction in benefits or end of benefits occurs. In their notice to you, Achievement must explain their reason for reducing or ending your benefits and the plan provisions upon which the decision was made.
To keep the benefits you already have approved, you must successfully appeal Anthem’s decision to reduce or end those benefits. You must make your appeal to them at least 24-hours prior to the occurrence of the reduction or ending of benefits. If you appeal the decision to reduce or end your benefits when there is less than 24-hours to the occurrence of the reduction or ending of benefits, your appeal may be treated as if you were appealing an urgent care denial of benefits (see the section “Urgent Care,” above), depending upon the circumstances of your condition.

If Anthem receives your appeal for benefits at least 24-hours prior to the occurrence of the reduction or ending of benefits, they must notify you of their decision regarding your appeal within 24-hours of their receipt of it. If Anthem denies your appeal of their decision to reduce or end your benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may further appeal the denial of benefits according to the rules for appeal of an urgent care denial of benefits (see the section “Urgent Care,” above).

**Extension of Benefits** – If, while you are undergoing a course of treatment in connection with your illness or injury, for which benefits have been approved, you would like to request an extension of benefits for additional treatments:

- You must make a request to Anthem for the additional benefits at least 24-hours prior to the end of the initial course of treatment that had been previously approved for benefits. If you request additional benefits when there is less than 24-hours until the end of the initially prescribed course of treatment, your request will be handled as if it was a new request for benefits and not an extension and, depending on the circumstances, it may be handled as an Urgent or Non-Urgent Care Pre-service request for benefits.

- If Anthem receives your request for additional benefits at least 24-hours prior to the end of the initial course of treatment, previously approved for benefits, they must notify you of their decision regarding your request within 24-hours of their receipt of it if your request is for urgent care benefits. If Anthem denies your request for additional benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may appeal the adverse benefit determination according to the rules for
appeal for Urgent, Pre-Service or Post-Service adverse benefit determinations, depending upon the circumstances.

Non-Urgent Care Post-Service (reimbursement for cost of medical care). Anthem must notify you, within 30-days after they receive your claim for benefits, that they have it and what they determine your benefits to be. If they need more than 30-days to determine your benefits, due to reasons beyond their control, they must notify you within that 30-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 45-days to determine your benefits. If you do not submit all the necessary information for your claim to them, they must notify you, within 30-days after they get it and tell you what information is missing. You have 45-days to provide them with the information they need to process your claim. The time period during which Anthem is waiting for receipt of the necessary information is not counted toward the time frame in which Anthem must make the benefit determination.

If your claim is denied in whole or in part, you will receive a written notice of the adverse benefit determination within the time frame stated above, after Anthem has all the information they need to process your claim, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180-days to appeal their decision. Your appeal must be in writing. Within 60-days after they receive your appeal, they must notify you of their decision about it. Their notice to you or their decision will be in writing.

Note: You, your beneficiary, or a duly authorized representative may appeal any denial of a claim for benefits with Anthem and request a review of the denial. In connection with such a request:

- Documents pertinent to the administration of the Plan may be reviewed free of charge; and
- Issues outlining the basis of the appeal may be submitted.

You may have representation throughout the appeal and review procedure.

For the purposes of this provision, the meanings of the terms “Urgent Care,” “Non-Urgent Care Pre-Service,” and “Non-Urgent Care Post-Service,” used in this provision, have the meanings set forth by ERISA for a “claim involving urgent care,” “pre-service claim,” and “post-service claim,” respectively.
